Cliff:

We have rescinded John Kern's action items in order to avoid further disruption to the schedule.

Best regards, Len

Len Warner

What is the situation with John Kern's items? I don't want to pay for time/travel for staff from Syracuse only to have them get stalled in NJ while we sort-out a request from John.

PLEASE, PROCEED AS YOU PROPOSED. Can you give us an estimate of when you can mobilize so we can do some planning?

Thanks,

eugenia

Importance: High

Based on the delay from this morning to this afternoon, the uncertainty of resolving John's action items by this afternoon, and the unknowns related to John's action items, I propose that we reschedule the field work as follows, which is, of course, subject to resolution of John's action items:

Monday, October 24: mobilization

Tuesday, October 25: restart sampling

Please let me know by 10:30 today if you disagree, in which case I would like to convene a call to discuss.

Thanks
Cliff

Hello Brian:

I did talk with John this morning and I have to chase down a couple of actions at his request. I plan to get back to you this afternoon, after reporting to USACE and EPA.

Best regards, Len

Good Morning Len,

I wanted to follow up after our call yesterday. Were you able to speak to John Kern this morning? Please let us know when you anticipate we can have a call in order to make a final decision on the vibracore approach.

Thanks
